Administrative Conditions

1. RESTRICTION ON REIMBURSEMENTS

EQB may incur costs in all approved budget categories in this assistance agreement and may submit requests for reimbursement for costs incurred, in accordance with the requirements stated in Special Condition Number 2, titled, "Special Condition-High Risk Status." However, EQB will not be reimbursed for any costs incurred until it receives official notice from EPA that it has made sufficient progress with respect to the Corrective Action Plan to warrant payment for this agreement.

2. SPECIAL CONDITION-HIGH RISK STATUS

The March 2001 survey of the Puerto Rico Environmental Quality Board (EQB) disclosed significant deficiencies in its financial management/grants management systems. Based on these findings and pursuant to the EPA regulations at 40 C.F.R. 31.12, EPA Region 2 has classified EQB as a high-risk grantee and determined that special grant conditions and restrictions corresponding to EQB's high-risk condition shall be included in this grant award. The EQB was notified of its status as a high-risk grantee and EPA's findings on this matter by letter dated June 25, 2001, which enclosed, among other documents, the "2001 EQB Corrective Action Plan" (CAP). The CAP identifies the problematic areas of EQB's financial management/grants systems, sets forth the corrective actions that must be taken by EQB, and proposes deadlines by which the corrective actions must be completed. Pursuant to 40 C.F.R.31.12(b) and in accordance with the CAP, as a high-risk grantee, EQB must comply with the following special grant conditions:

REIMBURSEMENT

EQB shall not submit reimbursement requests to EPA until they have been reviewed by an EPA-accepted Certified Public Accounting (CPA) firm and verified by the firm that the submitted financial information is current, accurate, complete, and allocable to the subject grant. This condition will become effective on October 31, 2001 in order to give EQB the necessary time to solicit and procure the services of an acceptable CPA firm. However, effective immediately each reimbursement request must include backup documentation for all costs claimed, including copies of authorization documents, vouchers, verification of receipt of equipment, supplies, or services, checks paid, and a written certification that items or services have been received and placed in service. Such certification shall be made by the President, EQB. Only those costs so documented and verified will be paid by EPA.

Specific documentation to be included with each reimbursement request is as follows:

1. Personnel Services

i. Schedule

- names of employees charging time to this agreement
- number of hours charged by each employee, multiplied by the employee's hourly rate, giving total amount charged

ii. Time Sheets (for all employees other than those approved to be allocated via an approved Time Allocation Plan)

- employees' time sheets to support the hours charged, as shown on the schedule described above. Time sheets must reflect actual hours worked daily, not estimated

amounts or percentages.

- certification by the President of EQB that the hours shown as worked in support of Federal grants were actually spent on activities approved and eligible under that grant.
- time allocation plan backup showing calculations of allocated salaries, based on technical employees' time described in (b), above

iii. Non-working Hours

- documentation of how payment was made for non-working hours (i.e., use of Commonwealth funds and documentation or payment by Commonwealth.

2. Fringe Benefits

- total salaries charged, multiplied by the fringe benefit rate, giving total fringe amount charged. Individual items included in fringe benefit rate must be identified. No charges for non-working hours (e.g., annual leave or sick leave) are to be included in these rates until such time as EPA has approved the methodology in writing

3. Travel

- listing of trips taken, trip dates, location and actual costs incurred
- copy of authorization documents for each trip
- written certification by employee's supervisor that trip took place
- copy of travel voucher showing actual expenditures
- copy of Treasury check showing amount paid. No amounts in excess of actual expenditures will be reimbursed by EPA

4. Equipment, Supplies and Other (contracts/services)

- listing of expenditures
- Copy of procurement requests
- Statement of acceptance of goods/services
- Certification by the Chair that each item of equipment, supplies and other services were received and put into use by the program for which they were intended
- copy of vendor invoices
- copy of documents certifying receipt
- copy of Treasury checks paid

5. Indirect Costs

- In order for indirect costs to be requested for reimbursement, EQB must have an approved indirect cost rate for that period.
- Any reimbursement requests or Federal Financial Reports (FFRs) that include indirect costs shall contain a certification by an independent accounting firm accepted by EPA that none of the costs included in the indirect rate have been claimed as direct costs under any Federal grants.

3. DRUG-FREE WORKPLACE CERTIFICATION FOR ALL EPA RECIPIENTS

The recipient organization of this EPA assistance agreement must make an ongoing, good faith effort to maintain a drug-free workplace pursuant to the specific requirements set forth in Title 2 CFR Part 1536 Subpart B. Additionally, in accordance with these regulations, the recipient organization must identify all known workplaces under its federal awards, and keep this information on file during the performance of the award.

Those recipients who are individuals must comply with the drug-free provisions set forth in Title 2 CFR Part 1536 Subpart C.

The consequences for violating this condition are detailed under Title 2 CFR Part 1536 Subpart E. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
- (c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
- (d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.

Programmatic Conditions

1. DRAWDOWN OF CWSRF PROJECT COSTS

Effective immediately, no funds shall be paid to PREQB under this Assistance Agreement until PREQB submits and EPA approves the following documents, as set forth in EPA's July 24, 2012, Non-Compliance Letter to PREQB: (1) corrective action plan for developing guidance and internal controls to ensure that Clean Water State Revolving Funds will not be used to pay for ineligible costs; and (2) PREQB's procedures to ensure that all future Intended Use Plans will address all sources of funding that are available for the Clean Water State Revolving Fund program at PREQB.

When EPA determines that PREQB has satisfied the terms above, payments to PREQB will be reinstated on the condition that PREQB complies with the following requirements prior to requesting drawdown of SRF costs under this Agreement:

1. PREQB shall not submit drawdown requests to the Government Development Bank (GDB)/Puerto Rico Infrastructure Authority (PRIFA) for SRF costs until the EPA has provided written approval of such costs;
2. For each drawdown, the PREQB's President or their designee must certify to that the submitted financial information is current, accurate, and complete; all costs are eligible and allocable to the

subject EPA assistance agreement; and no ineligible interest costs (i.e. those associated with lines of credit), construction costs, and/or overhead costs for non-SRF projects are included;

3. For drawdown of SRF construction project costs, requests must be structured as follows:

- a) The first request must be accompanied by a copy of all executed construction agreement(s) and accepted bid package(s) with cost breakdown.
- b) For subsequent requests, A certified contractor's payment partial request with cost breakdown (AIA Form G702, Application and Certificate for Payment, or equivalent) that meets the standards of quality established by the construction contract. If change order costs are being claimed as eligible for SRF funding, a copy of the approved change order(s) must be provided with the draw down request.

2. EPA-AUTOMATED CLEARINGHOUSE FOR PAYMENT

The Puerto Rico Environmental Quality Board (PREQB), acting on behalf of the Commonwealth of Puerto Rico, agrees to accept payment from the United States Environmental Protection Agency (EPA) with funds to be made available from the FY 2011 Title VI allotment pursuant to the Clean Water Act, as amended, (the Act), in accordance with the below payment schedule established under Section 601(b) of the Act and will deposit all such payments into the State Revolving Fund (SRF) in accordance with Title VI. Payments, cash draws and disbursements are defined and in accordance with the Initial Guidance for the State Revolving Fund pursuant to 40 CFR Part 35 Subpart K and the Operating Agreement.

As per EPA's publication, EPA 430/09-88-009, dated July 1988, entitled, "Letter of Credit, How is it Used in EPA's State Revolving Fund Program", a payment in the SRF Program is an action by EPA to increase the amount of funds available for cash draw in the Letter of Credit (i.e. the ceiling). Through a payment, the EPA makes funds available to the State up to the amount of the capitalization grant. A payment is not a transfer of cash to the State but only an authorization making funds available for transfer to the State when a cash draw request is submitted. A payment schedule, indicating the timing and size of the payment or payments to be made will be entered into between EPA and the State. It will be based on the State's projection of binding commitments, the rules for cash draws and the use of the funds.

In consideration of the above, Payment from the EPA-ACH shall be made in accordance with the following schedule. Future cash draws may not exceed the amount shown below.

September, 2013 *	\$19,259,000 **

- a) Cash draws made pursuant to 40 CFR 35.3160(b)(2) must be disbursed to refinancing recipients within three days of OSC cash draw.
- b) All other cash draws will be made only to meet immediate disbursement needs. The three day disbursement requirement is in accordance with the ACH Payment System.
- c) PREQB shall provide timely reporting of cash disbursements and balances as required by the ACH Manual.

4. GENERAL ADMINISTRATIVE REQUIREMENTS

PREQB agrees pursuant to 40 CFR Part 35, Subpart K, to administer the State Revolving Fund program in accordance with the terms, agreements, assurances and representations made within the Operation Agreement, the Intended Use Plan and the original application for Federal assistance dated September 27, 2011. The scopes of work for this Grant shall be the projects listed in the FY '11 Intended Use Plan, dated September, 2011.

5. PROGRAM INCOME/ADMINISTRATIVE FEES

In accordance with 40 CFR §31.25(g)(2), the recipient is authorized to add program income generated under this agreement to the funds committed to the grant agreement by EPA and the grantee. Fees classified as program income are authorized to be used for eligible CWSRF project assistance, administration of the CWSRF program and for State Match. In addition to the purposes authorized for program income fees, fees classified as non-program income may be used for various general water quality program purposes. All fees shall be audited annually and reported on in both the Intended Use Plan and the Annual Report.

6. STATE MATCH

In accordance with 40 CFR §35.3135(b), PREQB shall provide at least 20 percent matching share of the Federal funds awarded. PREQB must provide its proportional cash match at the time it draws Federal funds unless PREQB draws its entire match fund before drawing any Federal funds.

7. PRE-AWARD COSTS

PREQB may charge pre-award costs (both Federal and non-Federal matching shares) incurred from the beginning of the funding period established in the grant agreement (start date: October 1, 2011) provided that such costs were contained in the approved application. The pre-award costs must be in conformance with the requirements set forth in OMB Circular A-87 and with applicable Agency regulations, policies and guidelines.

8. PAYMENT TO INDIVIDUAL CONSULTANTS

EPA participation in the salary rate (excluding overhead) paid to individual consultants retained by recipients or by a recipient's contractors or subcontractors shall be limited to the maximum daily rate for a Level IV of the Executive Schedule (formerly GS-18), to be adjusted annually. This limit applies to consultation services of designated individuals with specialized skills who are paid at a daily or hourly rate. As of January 1, 2012, the limit is \$596.00 per day and \$74.50 per hour. This rate does not include transportation and subsistence costs for travel performed (the recipient will pay these in accordance with their normal travel reimbursement practices).

Subagreements with firms for services which are awarded using the procurement requirements in 40 CFR 30 or 31, as applicable, are not affected by this limitation unless the terms of the contract provide the recipient with responsibility for the selection, direction, and control of the individuals who will be providing services under the contract at an hourly or daily rate of compensation. See 40 CFR 31.36(j) or 30.27(b).

9. CLEAN WATER NATIONAL INFORMATION MANAGEMENT SYSTEM (CWNIMS)

The recipient of funds for the State Revolving Funds from P.L. 112-10, the FY 2011 Full-Year Continuing Appropriation, agrees to comply with all requests for data related to the use of the funds under Subchapter VI of the Clean Water Act (CWA), and to report all uses of the funds no less than quarterly, as EPA specifies for the CWSRF Benefits Reporting databases. This reporting shall include but not be limited to data with respect to compliance with the Green Project Reserve and additional subsidization requirements as specified in the FY 2010 Interior and Environment Appropriation Act and the Conference Report (H. Rpt. 111-316) and as outlined in the FY 2011 Procedures document, and other data as necessary to carry out the authorities cited in this Grant Condition.

10. ADDITIONAL SUBSIDIZATION

The 2011 Appropriation to the CWSRF and DWSRF programs requires that a portion of the capitalization grant funds be used to provide additional subsidization, while relying on the purposes of the Funds in their underlying acts.

a. The recipient agrees to use funds provided by this grant to provide additional subsidization in the form of principal forgiveness, negative interest rate loans, or grants, in accordance with P.L. 111-88 as follows: (1) Clean Water State Revolving Fund capitalization recipients agree to use at least \$1,784,653, and no more than \$5,948,842 of the funds provided by this grant to provide additional subsidization in accordance with P.L. 111-88.

b. Priority for additional subsidies should be given to communities that could not otherwise afford such projects. To further ensure sustainability of projects receiving additional subsidies, these subsidies should be directed to: 1) repair, replacement, and upgrade of infrastructure in existing communities; 2) investigations, studies, or plans that improve the technical, financial and managerial capacity of the assistance recipient to operate, maintain, and replace financed infrastructure; and/or 3) preliminary planning, alternatives assessment and eligible capital projects that reflect the full life cycle costs of Infrastructure assets, conservation of natural resources, and alternative approaches to integrate natural or "green" systems into the built environment. The recipient agrees to provide in its Annual Report an explanation as to how they did or did not address this provision.

11. GREEN PROJECT RESERVE

The recipient agrees to make a timely and concerted solicitation for projects that address green

infrastructure, water or energy efficiency improvements or other environmentally innovative activities. The recipient agrees to include in its IUP such qualified projects, or 4 components of projects, that total an amount at least equal to 20% (\$3,851,800) of its capitalization grant. If there are not sufficient qualified projects or components already in the IUP that total 20% (\$3,851,800) of the FY 2011 funds available, the recipient agrees to conduct additional solicitation, to amend its project list to include any such qualified projects thus identified, and to provide not less than 20% (\$3,851,800) of such FY 2011 funds available to such projects on its amended project list. If there are not sufficient qualified projects or components on the amended project list after such additional solicitation, the recipient may if necessary submit a waiver request to EPA in accordance with the FY 2011 Procedures.

12. WAGE RATE REQUIREMENTS

The recipient agrees to include in all agreements to provide assistance for the construction of treatment works carried out in whole or in part with such assistance made available by a State water pollution control revolving fund as authorized by title VI of the Federal Water Pollution Control Act (33 U.S.C. 1381 et seq.), or with such assistance made available under section 205(m) of that Act (33 U.S.C. 1285(m)), or both, a term and condition requiring compliance with the requirements of section 513 of that Act (33 U.S.C. 1372) in all procurement contracts and sub-grants, and require that loan recipients, procurement contractors and sub-grantees include such a term and condition in subcontracts and other lower tiered transactions. All contracts and subcontracts for the construction of treatment works carried out in whole or in part with assistance made available as stated herein shall insert in full in any contract in excess of \$2,000 the contract clauses as attached hereto entitled "Wage Rate Requirements Under FY 2011 Full-Year Continuing Appropriation." This term and condition applies to all agreements to provide assistance under the authorities referenced herein, whether in the form of a loan, bond purchase, grant, or any other vehicle to provide financing for a project, where such agreements are executed on or after October 30, 2009 and before October 1, 2011.

13. FOOD AND REFRESHMENTS

Unless the event(s) and all of its components (i.e., receptions, banquets and other activities that take place after normal business hours) are described in the approved workplan, the recipient agrees to obtain prior approval from EPA for the use of grant funds for light refreshments and/or meals served at meetings, conferences, training workshops, and outreach activities (events). The recipient must send requests for approval to the EPA Project Officer and include:

- 1) An estimated budget and description for the light refreshments, meals, and/or beverages to be served at the event(s);
- 2) A description of the purpose, agenda, location, length and timing for the event.
- 3) An estimated number of participants in the event and a description of their roles.

Recipients may address questions about whether costs for light refreshments, and meals for events are allowable to the recipient's EPA Project Officer. However, the Agency Award Official or Grant Management Officer will make final determinations on allowability. Agency policy prohibits the use of EPA funds for receptions, banquets and similar activities that take place after normal business hours unless the recipient has provided a justification that has been expressly approved by EPA's Award Official or Grants Management Officer.

Note: U.S. General Services Administration regulations define light refreshments for morning,

afternoon or evening breaks to include, but not be limited to, coffee, tea, milk, juice, soft drinks, donuts, bagels, fruit, pretzels, cookies, chips, or muffins. (41 CFR 301-74.11)

14. SUFFICIENT PROGRESS

EPA may terminate the assistance agreement for failure of the recipient to make sufficient progress so as to reasonably ensure completion of the project within the project period, including any extensions. EPA will measure sufficient progress by examining the performance required under the workplan in conjunction with the milestone schedule, the time remaining for performance within the project period, and/or the availability of funds necessary to complete the project.

15. ENVIRONMENTAL RESULTS

In accordance with 40 CFR § 35.3165 or § 35.3570, as applicable, the recipient agrees to provide in its Annual or Biennial Report, or in its Annual Reviews, as applicable, information regarding environmental results in the following areas:

- a. Achievement of the outputs and outcomes established in the Intended Use Plan and set-aside work plans;
- b. The reasons for delays if established outputs or outcomes were not met; and
- c. Any additional pertinent information on environmental results.
- d. Compliance with the Green Project Reserve requirement as outlined in the FY 2011 Procedures document.
- e. Compliance with the additional subsidization requirement as described in the FY 2011 Procedures document.

16. PURCHASE OF COMPUTER SOFTWARE AND HARDWARE

PREQB shall not incur any costs, with a unit cost in excess of \$5,000, associated with the purchase of computer software or hardware under this agreement until the required specifications and justifications for such equipment are submitted to and approved by the EPA Project Officer.

17. EQUIPMENT

For any items of equipment costing \$5,000 or more, a justification as to the need for purchasing the equipment is to be included and the EPA Project Officer and the Information Resources Management Branch must approve the planned purchase before such costs can properly be charged to the grant.

18. DISPOSITION OF EQUIPMENT AND SUPPLIES

PREQB shall comply with the disposition of any equipment and supplies approved under this grant in accordance with 40 CFR 31.32 and 31.33.

19. STATE ENVIRONMENTAL REVIEW PROCESS

EPA's State Revolving Fund (SRF) Regulations, found at 40 CFR Part 35 Subparts K and L, require that capitalization grant agreements contain, or incorporate by reference, among other requirements, the State's EPA-approved environmental review processes (SERP) [40 CFR § 35.3130 or 40 CFR § 35.3545, as appropriate]. The EPA regulations also require that any significant proposed change to a previously approved SERP requires prior review and approval by the EPA Regional Administrator [40 CFR § 35.3140(e) or 40 CFR § 35.3580(h), as appropriate].

In no case shall the Commonwealth award an SRF loan for any project that has not been reviewed in accordance with an EPA-approved SERP.
